- 14.32**     *District Development Limitations.* There shall be limitations on the overall amount of development within the District as specified below.
- 14.32.1**   The aggregate gross floor area (GFA) of development in the District shall not exceed three million, one hundred thirty three thousand (3,133,000) square feet, providing that any development in excess of two million eight–hundred and thirty three thousand (2,833,000) shall occur only within the area designated on the Zoning Map as the “Ames Street District”, and two hundred thousand (200,000) square feet that shall be limited to residential uses as permitted in Section 14.21.4(1). Sixty thousand (60,000) square feet of such aggregate GFA of 3,133,000 shall be allowable only by special permit pursuant to Section 14.72. The two hundred thousand (200,000) square feet of GFA restricted to housing uses, however, may only be used in that portion of the MXD district located between Main Street and Broadway. Aggregate GFA of development in the District is at any time the sum of the GFA (as defined in Article 2.000 of this Ordinance) of all buildings (i) which are then located in the District, (ii) which are being constructed or may be constructed in the District pursuant to then effective building permits, and (iii) which, pursuant to then outstanding contracts (including options) with Cambridge Redevelopment Authority and so stated in certificates from the Authority to the Superintendent of Buildings, may be constructed in the District in the future. Notwithstanding the definition in Article 2.000 for Gross Floor Area and the provisions of Section 5.25, parking garages and accessory parking facilities shall be exempt from the requirements as to Floor Area Ratio and shall not be included in the calculation for Gross Floor Area on a lot.
- 14.32.2**   In addition to the aggregate GFA limitation establishment in Section 14.32.1, the cumulative GFA for each of the use groups shall not exceed the respective amounts
-

stated below, except as provided in Subsection 14.32.2(5). Cumulative GFA for a use group is at any time the sum of GFA (as defined in Article 2.000 of this Ordinance) of all portions, occupied or to be occupied by uses within such use group, of all building (i) which are then located in the District, (ii) which are being constructed or may be constructed in the District pursuant to then effective building permits, and (iii) which pursuant to then outstanding contracts (including options) with Cambridge Redevelopment Authority and so stated in certificates from the Authority and so stated in certificates from the Authority to the Superintendent of Buildings, may be constructed in the District in the future.

- (1) Industrial uses permitted by Section 14.21.1 of this Article: Cumulative GFA=770,000 square feet.
- (2) Office Uses and Biotechnology Manufacturing Uses permitted by Section 14.21.2 of this Article: Cumulative GFA=1,665,000 square feet.

Aggregate GFA within the District authorized by a variance issued by the Board of Zoning Appeal to exceed the District Development Limitation of Section 14.32 shall not be counted by the Superintendent of Buildings for any purpose in determining the aggregate GFA within the District or compliance with the intensity of development requirements of Article 14.00. The Superintendent of Buildings shall maintain a separate record of any development within the area of the MXD district designated on the Zoning Map as the "Ames Street District." Development after September 30, 2010, within the area of the MXD District designated on the Zoning Map as the "Ames Street District" shall be allocated first to the increment of allowable GFA in the MXD District between two million, eight-hundred and thirty three thousand (2,833,000) and three million, one hundred thirty three thousand (3,133,000) square feet, and then to any remaining GFA under two million, seven hundred and seventy three thousand (2,773,000) as authorized by the District Development Limitations of Section 14.32.

Issuance of any base building permit or certificate of occupancy for any building in the Ames Street District utilizing any part of the 2010 Additional GFA shall be conditioned upon certification of all relevant departments of the City to the Superintendent of Buildings that the project is proceeding in accordance and compliance with all provisions of that certain "Letter of Commitment" dated August 2, 2010 given by the property owner of the Ames Street District to the City of Cambridge pertaining to the utilization of the 2010 Additional GFA. Development allowed by special permit under Section 14.72 shall be allocated to the increment of allowable GFA in the MSC District under two million, eight hundred and thirty three thousand (2,833,000) as authorized by the District Development Limitation of Section 14.32, and not to the increment between two million, eight hundred and thirty three thousand (2,833,000) and three million, one hundred thirty three thousand (3,133,000).

- (3) Retail and consumer service uses permitted by Section 14.21.3 of this Article: Cumulative GFA=150,000 square feet.
  - (4) Residential uses permitted by Section 14.21.4 of this Article:

**14.32.3** Any construction or change of use within the District which would cause aggregate or cumulative GFA limitations of subsections 14.32.1 and 14.32.2 to be exceeded shall not be allowed.

- (1) Compliance with this Section 14.32.3 shall be determined by the Superintendent of Buildings at all times including at the time of issuance of a building permit and at the time of issuance of a certificate of occupancy under Section 9.20 of this Ordinance.
  - (2) The Superintendent of Buildings shall maintain a record of the aggregate GFA within the District and a record of cumulative GFA for each use group specified in Section 14.32.2. These records shall be adjusted as appropriate, from time to time, including upon issuance, revocation or expiration of a building permit or certificate of occupancy and upon receipt of a certificate from Cambridge Redevelopment Authority as to an outstanding contract (including option) for the construction of a building.
  - (3) In determining cumulative GFA for a building containing uses in more than one use group, spaces to be utilized by users in more than one of the use groups, such as lobbies, interior courts, elevator shafts and basement storage areas shall be apportioned to each use group in proportion to the share of space that use groups will occupy within the building.
  - (4) Each applicant for a building permit or a certificate of occupancy shall submit to the Superintendent of Buildings information, including the following, as appropriate to the application, in order to determine compliance with this Section 14.32 and to demonstrate that the proposed construction and/or occupancy will not violate or be inconsistent with any outstanding contract or deed:
    - (a) measurement of total gross floor area of the building or building additions;
    - (b) in a building containing uses in more than one use group, the measurement of gross floor area(s) by use group, for spaces to be devoted exclusively to uses in such group and the measurement of gross floor area of spaces to be shared by users in more than one use group;
    - (c) measurement of gross floor areas of renovations or use changes within existing buildings;
    - (d) measurement of future development commitments or limitations on the lot specified in deed restrictions, covenants or comparable legal instruments.
-

- 
- 14.32.4** Applicability of Section 19.20 for Residential Uses. Notwithstanding the provisions of Section 19.22 (1), a structure, any portion of which contains residential uses as set forth in Section 14.21.4 (1) above, shall be subject to the provisions of Section 19.20 – Project Review Special Permit. In addition, notwithstanding the provisions of Section 19.22(1), any development within the area designated on the Zoning Map as the “Ames Street District” utilizing the 2010 Additional GFA under Section 14.32.3(2) above shall be subject to the provisions of Section 19.20-Project Review Special Permit, with the exception of Section 19.21.1.
- 14.33** *Lot Density Limitation.* In addition to the aggregate and cumulative GFA limitation established in Section 14.32, there shall also be a density limitation for each lot within the District. The following floor area ratios (as defined in Article 2.000) for each lot shall not be exceeded, except as provided in Section 14.33.6. The area of the lot to be counted in determining FAR shall include land dedicated by the owner or former owner of the lot as public open space under Section 14.42.
- 14.33.1** Industrial and Wholesale uses: FAR 4.0
- 14.33.2** Office Uses and Biotechnology Manufacturing Uses: FAR 8.0
- 14.33.3** Retail and Consumer Services uses: FAR 5.0
- 14.33.4** Residential uses:
- (1) Multifamily housing: FAR 4.0
  - (2) Hotel/Motel: FAR 6.0
- 14.33.5** Other uses: FAR 4.0
- 14.33.6** If development on a lot is to include activities in more than one of the use groups above, the maximum FAR for the lot shall be the FAR for the use group containing the largest proportion of space on the lot.
- 14.34** *Building Height Limitation.* The maximum building height in the District shall be two hundred and fifty (250) feet. This requirement shall not apply to chimneys, water towers, air conditioning equipment, elevator bulkheads, skylights, ventilators and other necessary features appurtenant to buildings which are usually carried above roofs and are not used for human occupancy, nor to domes, towers or spires above buildings if such features are not used for human occupancy and occupy less than ten percent (10%) of the lot area, nor to wireless or broadcasting towers and other like unenclosed structures which occupy less than ten percent (10%) to the lot area.
- 14.40 OPEN SPACE REQUIREMENTS**
- 14.41** *Definition of Open Space.* For purposes of this Section 14.40, open space shall mean a portion of a lot or other area of land associated with and adjacent to a building or group of buildings in relation to which it serves to provide light and air, or scenic, recreational or similar purposes. Such space shall, in general, be available for entry and use by the occupants of the building(s) with which it is associated, and at times to the general public, but may include a limited proportion of space so located and
-

treated as to enhance the amenity of development by providing landscaping features, screening or buffering for the occupants or neighbors or a general appearance of openness. Open space shall include parks, plazas, lawns, landscaped areas, decorative plantings, pedestrian ways listed in Section 14.45, active and passive recreational areas, including playgrounds and swimming pools. Streets, parking lots, driveways, service roads, loading areas, and areas normally inaccessible to pedestrian circulation beneath pedestrian bridges, decks or shopping bridges shall not be counted in determining required open space.

**14.42** *District Public Open Space Requirement.* A minimum of one hundred thousand (100,000) square feet within the District shall be reserved or designated as public open space. No development shall be allowed which would reduce public open space in the District below one hundred thousand (100,000) square feet. Public open space shall be open space reserved for public use and enjoyment as guaranteed through one or more of the following:

**14.42.1** Retention by the Cambridge Redevelopment Authority;

**14.42.2** Dedication to and acceptance by the City of Cambridge or other public entity;

**14.42.3** Easements or deed restrictions over such land sufficient to ensure its perpetual reservation for public open space purposes.

**14.42.4** Dedication, by covenant or comparable legal instrument, to the community use of the residents, lessees and visitors to the District for reasonable amounts of time on a regular basis;

**14.42.5** Lease agreements of ninety-nine (99) years or longer from the private developer or owner to the City or other public entity.

---

- 14.43** *Lot Minimum Open Space Requirement.* The minimum amount of open space to be provided on each lot within the District shall be as shown on Table 1, subject to the reduction provided in Section 14.44. When development on a lot includes uses in more than one of the use categories in Table 1, the requirement for each use category shall be calculated and totaled to determine a total requirement for the lot. Some or all of this required open space may be designated and also serve as public open space, if reserved by one of the methods specified in Section 14.42.

**Table 1: MXD Minimum Open Space Requirements**

User Group	Required Open Space (number of sq. ft. of open space required for each 100 sq. ft. of gross floor area in the use group)
Light Industrial and Wholesale Uses allowed by Section 14.21.1	5
Office Uses and Biotechnology Manufacturing Uses allowed by Section 14.21.2	8
Retail and Consumer Service Establishment Uses allowed by Section 14.21.3	10
Residential Uses allowed by Section 14.21.4	
Multifamily housing	15
Hotel or Motel	10
Other uses allowed by Section 14.21.5, 14.21.6, & 14.21.7	8

- 14.44** *Reduction of Required Lot Open Space.*

- 14.44.1** Eligibility for Reduction. The minimum amount of open space required for a lot by Section 14.43 may be reduced if at least twenty (20%) percent of the total perimeter boundary of the lot abuts public open space reserved under Section 14.42, and if at least one major pedestrian entrance to the principal building will abut and provide direct access to said open space.
- 14.44.2** Amount of reduction. The allowed percentage reduction of required open space shall be determined by dividing the length of the lot's common boundary on the public open space by length of the total boundary of the public open space.
- 14.44.3** Public Open Space in Common Ownership Located Directly Across a Private Way. Public Open Space held in common ownership with the lot for which open space is required, located within the District and directly across a private way from said lot, shall be counted toward satisfaction of the lot minimum open space requirements of Section 14.43. The perimeter of such public open space, less the boundary that abuts the private way, shall count toward the "total perimeter boundary of the lot" under Section 14.44.1 and "the length of the lots' common boundary on the public open space" under Section 14.44.2. The perimeter of such public open space, including the boundary that abuts the private way, shall count toward the "total boundary of the public open space" under Section 14.44.2.

**14.45** *Pedestrian Ways.*

- 14.45.1** Pedestrian ways listed and defined below may be counted toward the open space requirement determined in Section 14.43 and 14.44 in the proportions specified in Table 2. In calculating the open space reduction in said table, all of the area of the pedestrian way located within the lot boundary and one half (1/2) the area of such ways over streets of service drives adjoining but outside the lot shall be counted.

**Table 2: Open Space Substitutions for Constructing Pedestrian Ways**

Pedestrian Way	For each lineal foot of pedestrian way provided, the following amounts of open space may be deducted from the lot's open space requirement
Open Pedestrian Bridge	30 sq. ft.
Raised Pedestrian Deck	50 sq. ft.
Enclosed Pedestrian Bridge	40 sq. ft.
Elevated Pedestrian Bridge	120 sq. ft.
Shopping Arcade	20 sq. ft.
Elevated Shopping Way	50 sq. ft.

- (4) An elevated shopping bridge is a continuous, enclosed space which spans a street, pedestrian way, access or service road or open space, making connection within a lot or between two adjacent lots. Such a shopping bridge shall have a minimum width of thirty-six (36) feet and a maximum width of forty-eight (48) feet,

with retail uses as allowed in Section 14.21.3 along one or both sides of a pedestrian circulation route with a minimum width of twelve (12) feet. Such shopping bridge shall connect, at a minimum, at both ends to other internal or external pedestrian ways.

- (5) A shopping arcade is a continuous, covered, but not necessarily enclosed, space which extends along the front facade of a building facing a street or pedestrian way within the District, and having retail uses as permitted in Section 14.21.3 accessible from it. It shall have a minimum continuous width, unobstructed, except for building columns, of at least twelve (12) feet, and also have a minimum continuous height of twelve (12) feet. Such shopping arcades shall have access from the abutting street or pedestrian way, having its floor at the same level and continuous with the sidewalk or other abutting pedestrian way. It shall be open to the public at all hours.
- (6) An elevated shopping way is a continuous, enclosed space which extends along the front facade of a building facing a street or a pedestrian way and which has a minimum width of twelve (12) feet. It shall be open to the public for a minimum of twelve (12) hours daily, on weekdays, and shall have fronting retail uses as permitted in Section 14.21.3.
- (7) A through block arcade is a covered space which provides a connection through a building and connects streets, open spaces, pedestrian ways, or any combination of the above, and is directly accessible to the public. A through block arcade shall have a minimum area of at least two thousand (2,000) square feet and a minimum width at any point of twenty (20) feet. A through block arcade shall have openings at the face of the building for entrance at least twelve (12) feet in width and ten (10) feet high. At least fifty (50%) percent of its aggregate interior frontage shall be retail use as permitted in Section 14.21.3. Vertical circulation elements, columns, pedestrian bridges and balconies are permitted obstructions provided they do not cover in the aggregate more than fifteen (15%) percent of the floor area of the arcade.

**14.45.3** The minimum height of any pedestrian way above the surface of a public way over which it is constructed shall be fourteen feet (14'-0").

#### **14.50 VEHICULAR ACCESS, PARKING AND LOADING**

**14.51** *Access.* Buildings erected in the Cambridge Center MXD District need not be located on lots which have frontage on a street. However, provisions for access to all buildings by emergency and service vehicles in lieu of public street access shall be made possible by the layout and design of driveways, interior service roads, or pedestrian and bicycle circulation corridors not normally open to vehicular traffic to the reasonable satisfaction of the City of Cambridge Fire Department, and the Cambridge Traffic Department.

**14.52** *Parking Requirements.* Off-street parking requirements for the Cambridge Center MXD District shall be as follows:

**14.52.1** No on grade, open parking areas shall be allowed in the District except as provided for in Section 14.524.

**14.52.2** Each development shall provide enough parking spaces either on or off the lot within the District to satisfy the requirements of Table 3. If a development includes more than one category of use, then the number of spaces required for the development shall be the sum of the requirements for each category of use. Where the computation of required spaces results in a fractional number, only a fraction of one half or more shall be counted as one.

**Table 3 MXD District Parking Requirements**

Use	Minimum number of spaces

**14.52.3** The parking requirement specified in Table 3 may be satisfied in total or in part by a lease agreement between the developer and the City, other public entity, or private consortium for use of parking spaces in a public or pooled private parking facility located within the District. The total number of parking spaces leased and constructed within the district for development on a lot shall be at least equivalent to the Table 3 requirement.

**14.52.4** On grade parking, not enclosed in a structure, may be constructed in the MXD District only under the following conditions.

- (1) On an interim basis in anticipation of later construction of structured parking provided that there is compliance with each of the following:
